**Improving Government Regulations;
Regulatory Plan and Semiannual
Agenda of Regulations**

AGENCY: Department of Defense (DoD).

ACTION: Publication of the consolidated regulatory plan and semiannual agenda of DoD regulatory documents.

SUMMARY: The Department of Defense (DoD) is publishing this consolidated regulatory plan and semiannual agenda of regulatory documents, including those that are procurement-related, for public information and comments under E.O. 12866 "Regulatory Planning and Review" and the Office of Federal Procurement Policy Act of 1988 (41 U.S.C. 402). This agenda incorporates the objective and criteria, when applicable, of the regulatory reform program under E.O. 12866, the Federal Procurement Policy Act, and other regulatory guidance. It contains DoD issuances initiated by DoD components that may have economic and environmental impact on State, local, or tribal interests under the criteria of E.O. 12866. Although most DoD issuances listed in the agenda are of negligible public impact, their nature may be of public interest and, therefore, are published to provide notice of rulemaking and an opportunity for public participation in the internal DoD rulemaking process.

The agenda portion of this document updates the report published on May 8, 1995, and includes regulations expected to be issued and under review over the next 12 months. The procurement-related agenda items included herein will also be used by the Office of Federal Procurement Policy to publish the "Procurement Regulatory Activity Report" required by the Office of Federal Procurement Policy Act Amendments of 1988.

The next agenda is scheduled to be published in April 1996, with the next regulatory plan scheduled for October 1996. In addition to this agenda, DoD components also publish rulemaking notices pertaining to their specific

statutory administration requirements as required.

the Air Force, SAF/AAIQ, 1610 Air Force Pentagon, Washington, DC 20330-1610.

For specific agenda items, contact the appropriate individual indicated in each DoD component report.

SUPPLEMENTARY INFORMATION: This edition of the Unified Agenda of Federal Regulations includes The Regulatory Plan, which appears in Part II of this issue of the Federal Register. The Department of Defense Statement of Regulatory Priorities is included in Part II. The Unified Agenda is further composed of the regulatory status reports, including procurement-related regulatory status reports, from the Office of the Secretary of Defense (OSD) and the Departments of the Army, Navy, and Air Force. Included also is the regulatory status report from the U.S. Army Corps of Engineers, whose civil works functions fall under the reporting requirements of E.O. 12866 and involve water resource projects and regulation of activities in waters of the United States.

DoD issuances range from DoD Directives (reflecting departmental policy) to implementing instructions and regulations (largely internal and used to implement Directives). The OSD agenda section contains the primary Directives under which DoD components promulgate their implementing regulations.

To ease identification and to clarify the differences among the variety of issuances reported, they are identified by their DoD internal numbering system, which denotes component level of authority and type of issuance, in addition to the required CFR number.

In addition, this agenda, although published under the reporting requirements of E.O. 12866, will continue to be the DoD single-source reporting vehicle, which will identify issuances that are currently applicable under the various regulatory reform programs in progress. Therefore, DoD components will identify those rules which come under the criteria of the:

- a. Regulatory Flexibility Act;
- b. Paperwork Reduction Act;
- c. Office of Federal Procurement Policy Act Amendments of 1988.

These DoD issuances, which are directly applicable under these statutes, will be identified in the agenda and

DOD

their action status indicated. Generally, the reports in this agenda will contain four sections: (1) Prerule stage; (2) proposed rule stage; (3) final rule stage; and (4) completed actions.

Although not a regulatory agency, DoD will continue to participate in regulatory initiatives designed to reduce economic costs and unnecessary environmental burdens upon the public.

Comments and recommendations are invited on the rules reported and should be addressed to the DoD component representatives identified in each section.

Although sensitive to the needs of the public and regulatory reform, DoD reserves the right to exercise the exemptions and flexibility permitted in its rulemaking process in order to

proceed with its overall defense-oriented mission. The publishing of this agenda does not waive the applicability of the military affairs exemption in section 553 of title 5 and section 3 of E.O. 12866.

Dated: September 18, 1995.

D. O. Cooke,

Director, Administration and Management.

Priority: Substantive, Nonsignificant

Legal Authority: Sec 326, National
Defense Authorization Act for FY 1995

CFR Citation: 32 CFR 203

Legal Deadline: Other, Statutory.
Not later than 180 days after the date
on which the Secretary of Defense
announces a decision to establish the
Restoration Advisory Board.

Abstract: The DoD intends to publish
interim rules for providing technical
assistance funding to citizens affected
by the environmental restoration of
DoD facilities. This request for
comments discusses and solicits
comments on several options the DoD
is considering for providing assistance
to community members of Technical
Review Committee (TRCs) and
Restoration Advisory Boards (RABs) to
obtain technical advisors and facilitate
the participation of these members and
affected citizens in environmental
restoration activities at their associated
installations. The DoD will consider

these comments in formulating an
interim final rule.

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 10 USC
1095

CFR Citation: 32 CFR 220

Legal Deadline: None

Abstract: This proposed rule would
establish a new rule under the Third
Party Collection program for
determining the reasonable costs of
healthcare services provided by
facilities of the Uniformed Services in
cases in which care is provided under
TRICARE Resource Sharing
Agreements. For purposes of the Third
Party Collection program, such services
will be treated the same as other
services provided by facilities of the
Uniformed Services. This proposed rule
also lowers the high cost ancillary
threshold value from \$60 to \$25 for
patients that come to the Uniformed
Services facility for ancillary services
requested by a source other than a
Uniformed Services facility provider.
The reasonable costs of such services
will be accumulated on a daily basis.

899. GRANTS AND AGREEMENTS—MILITARY RECRUITING ON CAMPUS

Priority: Substantive, Nonsignificant

Reinventing Government: This
rulemaking is part of the Reinventing
Government effort. It will revise text in
the CFR to reduce burden or
duplication, or streamline
requirements.

Legal Authority: 5 USC 301

CFR Citation: 32 CFR 23

Legal Deadline: None

Abstract: This Interim Rule
implements section 558 of the National
Defense Authorization Act for fiscal
year 1995 (PL 103-337 (1994)), as it
applies to grants. Section 558 states

that funds available to the Department
of Defense may not be provided by
grant or contract to any institution of
higher education that has a policy of
denying, or which effectively prevents,
the Secretary of Defense from obtaining
for military recruiting purposes: entry
to campuses; access to students on
campuses; or access to directory
information pertaining to students. This
rule implements the law, as it applies
to grants, by requiring inclusion of an
appropriate clause in DoD grants with
institutions of higher education. It also
extends the requirement, as a matter of
policy, to DoD cooperative agreements,
because they are very similar to grants.

1025. REGULATORY PROGRAMS OF THE CORPS OF ENGINEERS

Priority: Routine and Frequent

Reinventing Government: This rulemaking is part of the Reinventing Government effort. It will revise text in the CFR to reduce burden or duplication, or streamline requirements.

Legal Authority: 33 USC 401; 33 USC 403; 33 USC 1344; 33 USC 1413

CFR Citation: 33 CFR 320 to 330

Legal Deadline: None

Abstract: The Corps of Engineers intends to make numerous clarifications to its existing regulations at 33 CFR 320 to 330, to consolidate all permit regulations into one document, and to reorganize 33 CFR 325 for clarity. Since the Corps Regulatory Program final regulations were published in the Federal Register on November 13, 1986 (51 CFR 41206), there has been need to clarify several of those provisions. Since 1986, the Corps has adopted two new appendices at 33 CFR 325, appendices B and C, and the Corps has also adopted revisions to the Nationwide Permit Program (33 CFR 330), Class 1 Administrative Civil Penalties (33 CFR 326), and revisions to the definition of discharge of Dredged Material and Fill Material and prior converted croplands. For clarity, the Corps intends to

consolidate all these changes into one document.

Priority: Substantive, Nonsignificant

Reinventing Government: This rulemaking is part of the Reinventing Government effort. It will revise text in the CFR to reduce burden or duplication, or streamline requirements.

Legal Authority: 33 USC 401; 33 USC 403; 33 USC 1344; 33 USC 1413

CFR Citation: 33 CFR 325

Legal Deadline: None

Abstract: The Corps of Engineers is revising its regulations to provide that permit decisions should be made within 90 days of the issue of a public notice, unless precluded by other laws, such as the National Environmental Policy Act or the Endangered Species Act. A decision deadline would also be provided for these circumstances. This process is included in the President's Wetland Protection Plan to make sure that decisions are made without unnecessary delays. This will aid applicants in planning their projects and allows for more realistic expectations of obtaining permit decisions.

Abstract: This rule implements provisions of the 1993 National Defense Authorization Act which allows the Secretary of Defense to establish a case management program for CHAMPUS beneficiaries with extraordinary

medical or psychological disorders and to allow such beneficiaries medical or psychological services, supplies, or durable medical equipment excluded by law or regulation as a CHAMPUS benefit. Under this program, waiver of benefit limits to the Basic CHAMPUS program may be authorized for beneficiaries when the provision of such services or supplies is cost-effective and clinically appropriate, as compared to historical or projected CHAMPUS/MTF utilization of health care services. It is designed to develop a cost-effective plan of care by targeting appropriate resources to meet the individual needs of the beneficiary.
